

ADVENTURE IS WAITING. BUILD YOURS TODAY.

YOUR SON, CUB SCOUTING AND YOU...

As a parent you want your son to grow up to be a self-reliant, dependable and caring individual. Scouting has these same goals in mind for him. Scouting weaves lifetime values into him with educational activities designed to assist parents in strengthening character, good citizenship, and physical fitness in youth.

CUB SCOUTING TEACHES YOUR SON

- **Confidence** through recognition by adults
- **The value of family** by fostering quality family time to strengthen the bond between parent and child.
- **Social skills** through interaction with other people
- **Moral and ethical decisions- making**
- **Leadership skills** through leading other boys
- **Citizenship** by teaching him how to be a responsible member of his community

TIME TOGETHER

Your time is valuable. Cub Scouting helps to support your family by providing ready-made opportunities for you and your son to do things together.

FRIENDSHIP WITH PEERS

Your son wants to belong to a group of boys his own age. Through this sense of belonging he builds self-esteem and learns to get along with others. And as a parent, you can be assured that your boy joins a group that teaches values, good citizenship, character development, and physical fitness.

FAMILY VALUES

Scouting teaches family values and encourages family activities that help to bond and grow your relationship with your son. Scouting activities can bring added value to help make the most of the time you have with your son.

A PLACE TO GROW

It's not all about winning like on the sports field. Cub Scouting teaches your son to be the best he can be, provides a safe place to learn, and encourages him to be helpful to others along the way.
